GET YOUR
TB CLEARANCE
AT STUDENT HEALTH SERVICES

Planning to volunteer, work in healthcare, or study abroad?
If TB clearance is on your checklist, Student Health Services can help. Students can schedule a PPD skin test or request a one-step QuantiFERON TB blood test through **My Health Portal**.

PPD skin tests require a return visit to Student Health Services for results to be read, so be sure you are available for both dates in your selected clinic.

Clinic #1
Wednesday, September 9
PPD Placement

Friday, September 11
PPD Results Reading

Clinic #2
Tuesday, September 15
PPD Placement

Thursday, September 17
PPD Results Reading

Ready to get started?
Sign up for your test through **My Health Portal.**

Visit **services.claremont.edu/student-health-services** to learn more about Student Health Services, available care, and upcoming clinics.
