

Claremont Police Department and the Campus Safety of the Claremont Colleges remind you to

# Lock It & License It!

Bike thefts are down 56% from last year because Claremont College students used quality locks and properly secured their bikes. Help protect and recover your bike by always locking it and license it with the 529 Garage!

- **Properly secure your bike:**  
Do not leave your bike unsecured. Use a strong reliable U-Lock. Cable locks are less expensive but easily defeated.
- **Pick a good location:**  
Lock your bike in a visible, well-lighted area.
- **Register your bike:**  
Register at [www.project529.com](http://www.project529.com) Its free!  
If you registered your bike with National Bike Registry, its now 529 Garage!  
529 Garage lets you license your bike and add photos and accessories to identify it.
- **See Something Say Something:**  
Immediately report suspicious activity around bike racks. Call 9-1-1 or contact **Campus Safety at 909-607-2000.**
