Housing Referral Service

CUC Real Estate Off Campus Listings and Roommate Info

The CUC Housing Office posts the following listings free of charge in order to assist students, faculty and staff of the Claremont Colleges in finding off-campus housing accommodations. The information provided is deemed reliable but is not guaranteed by the housing office. The CUC housing staff does not inspect any of the facilities advertised through our office nor does it interview or screen landlords, tenants or roommates. Both prospective tenants and landlords are encouraged and advised to adequately screen prospective parties on the telephone prior to arranging a personal meeting. CUC housing makes no guarantees regarding the adequacy of off-campus rental properties for habitation or for the safety of the premises or surrounding areas. Tenants and landlords enter agreements for their own benefit and at their own risk.

Information for Landlords
If you are working with a real estate agent and your listing has been added to the MLS we are unable to post your listing on our webpage. We check the MLS weekly and remove any listings that appear in the MLS that do not meet our criteria.

Important: The Real Estate Office highly recommends that you do not include an email address on your listing due to problems with scams and/or spam. Although we only give our web address to members of the Claremont Colleges, it is a public website and anyone can access it. If you decide to include your email address, please be cautious as you may receive fraudulent inquiries related to scams, which are common among online classified listings. If you suspect you are communicating with a scammer, please contact us for guidance.

Landlords advertisement form in PDF format

Information for Roommates
If you are looking to get in touch with other members of the colleges to look for housing together we offer a great roommate referral service. Please complete the Housing Inquiry Form below and indicate that you are looking for roommate(s). We maintain a list in our office and will refer potential roommates to you according to the preferences listed on your form. We will email you with potential roommates and you are free to contact each other and look for housing. Finding roommates is a great way to decrease your rent obligations by splitting rent and utility costs.
