[Comfort Tips for Home Computer Users](#)

To schedule a Virtual Ergonomic Assessment for an employee experiencing pain or discomfort in their current work environment, please contact ehs@claremont.edu

OUR MONTHLY TRAINING CLASSES HAVE GONE VIRTUAL!

While OSHA understands employers are in a difficult position due to COVID-19, we are still required to make good faith efforts to comply with training. In assessing whether an employer engaged in good faith compliance efforts, OSHA will evaluate whether the employer thoroughly explored all options to comply with applicable standards, including the use of virtual training.

Our SafetySkills platform offers over 700 interactive online safety training courses. Our team can schedule monthly training courses for your teams which will arrive via a link in their email. Courses include: Accident Investigation, Slip, Trip and Fall Prevention, Hazardous Communication, Housekeeping, and Lock Out/Tag Out.

Please contact us at ehs@claremont.edu to discuss available courses and to schedule training for your team.

SUPERVISOR SAFETY LEADERSHIP DEVELOPMENT WORKSHOP

Join us for an 8-part training series that will help strengthen supervisor competencies surrounding effective safety leadership.
