

Need a doctor – and no surprises?

Use Care & Cost Finder

Life happens. When it does, we've got your back.

There's a lot to think about when you need care. Things like the best place to go and what's covered by your benefits. Care & Cost Finder helps you put an end to the guesswork. Included in this powerful tool is the Personalized Match* sort option. This provides customized search results based on your location, unique profile, and history to help you find the right doctor for you.

Find a doctor, check quality and compare costs all in one place – on the go or online!

You can search for doctors, dentists, pharmacies, hospitals and other health care providers in your plan with the Sydney app or on anthem.com/ca. You'll get important facts like office location, services provided, gender, languages spoken, patient ratings and if providers have received awards for high-quality care.

Care & Cost Finder includes costs for different kinds of care. You can compare doctors and costs side by side and get an estimate of what you'll pay based on your benefits.

It's easy to find, easy to use – and all in one place.
