Medical Insurance Coverage – Required for all students

To protect against the potential major costs of accident or severe illness, all students are required to enroll in CGU's Student Health Insurance Plan unless eligible for a waiver or exemption. For waiver and exemption information, please visit <https://my.cgu.edu/health-insurance>. New students who plan to enroll in the university plan will receive their insurance information at the beginning of the academic term. Students with US based insurance, please provide your insurance policy information below:

Insurance Company: _____ Policy Number: _____

Phone number for reporting claims: _____

MEDICAL CARE AUTHORIZATION

I, the undersigned, hereby specifically authorize The Claremont Colleges Services Student Health Services health care provider or whomever they may designate to administer any x-ray examination, anesthetic, medical or surgical diagnosis or treatment, in serious or major illnesses or injuries without prior notification of the undersigned or any other person and without obtaining consent of the undersigned or any other person, if in the judgment of the physician or designee it is necessary for health care reasons to proceed with the treatment without delay. I further agree that the attending health care provider or whomever they may designate may evaluate and treat all other injuries or illnesses for which help is sought. I further agree that the Student Health Services may release any medical information to other campus health care providers at Monsour Counseling and Psychological Services who may be providing care.

SIGNATURE OF STUDENT: All students must sign.

Student Signature: _____ Date: _____

NOTE: A release of information must be signed and dated and on file for students 18 and older before any patient records and/or, billing information may be released/discussed with a student, parent, guardian, spouse, or healthcare provider. A form is available at <https://services.claremont.edu/wp-content/uploads/2020/08/Medical-Release-to-SHS.pdf> or at Student Health Services.

Serving: Pomona College 1887 • Claremont Graduate University 1925 • Scripps College 1926 • Claremont McKenna College 1946 • Harvey Mudd College 1955 • Pitzer College 1963 • Keck Graduate Institute 1997

757 College Way, Claremont, CA, 91711
(909) 621-8222 • (909) 621-8472F

Medical History (If yes, please explain in the space provided.)

1. Do you have any medical problems, current or past? No Yes _____

2. Have you has any surgeries? No Yes _____

3. Are you currently taking any prescription or non-prescription (over the counter) medications (including birth control/contraception, herbal remedies, and inhalers)? No Yes _____

4. Do you have any allergies (medication, food, stinging insects, vaccinations, etc.)? No Yes _____

5. Have you ever, or are you currently being treated for depression, anxiety, bipolar disease, eating disorder (anorexia or bulimia), drug or alcohol abuse, schizophrenia or self-injury? No Yes _____

6. Do you get regular exercise? No Yes Type: _____
Frequency: _____ Duration: _____
7. Do you have any dietary restrictions? No Yes Vegetarian Vegan Other: _____
Do you feel you eat a healthy diet? No Yes

To be completed by Health Care Provider Only:

Tuberculosis screening

All students from high prevalence areas for tuberculosis, or otherwise high-risk, must have a health care provider complete the form below or submit a report documenting a negative tuberculin skin test, a negative (normal) chest x-ray, or Interferon Gamma Release Assay (blood test) from a health care provider. A student with a positive tuberculin skin test, current or past, must submit a chest x-ray report. The report must be written in English, have the date of the skin test, x-ray, or blood test and have the name and the signature of the health care provider.

A. TUBERCULOSIS SCREENING (Required)

1. Does the student have a history of a positive tuberculin skin test (PPD) in the past? Yes No
If no, proceed to #2.
If yes, include date of positive PPD, mm induration, date and results of most recent chest x-ray and documentation of any treatment received for latent tuberculosis. **Skin test should not be repeated.** Proceed to #2.
2. Does the student have signs or symptoms of active tuberculosis disease? Yes No
If no, proceed to #3.
If yes, proceed with additional evaluation to exclude active tuberculosis disease including tuberculin skin testing, chest x-ray and sputum evaluation as indicated.
3. Is the student a member of a high-risk group? Yes No

Categories of high-risk students include those students who were born in or resided in countries where TB is endemic. It is easier to identify countries of low rather than high TB prevalence. Therefore students should undergo TB screening if they were born in or resided in countries EXCEPT those on the following list: Canada, Jamaica, Saint Kitts and Nevis, Saint Lucia, USA, Virgin Islands (USA), Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, Netherlands, Norway, San Marino, Sweden, Switzerland, United Kingdom, American Samoa, Australia, or New Zealand. Other categories of high-risk students include those with HIV infection, who inject drugs, who have resided in, or worked in high-risk congregate settings such as prisons, nursing homes, hospitals, residential facilities for patients with AIDS, or homeless shelters; and those who have clinical conditions such as diabetes, chronic renal failure, leukemias or lymphomas, low body weight, gastrectomy and jejunoileal by-pass, chronic malabsorption syndromes, prolonged corticosteroid therapy (e.g. prednisone \geq 1 month) or other immunosuppressive disorders.

If you have answered no to questions 1-3, please stop.

If yes, place tuberculin skin test [Mantoux only: Inject 0.1 ml of purified protein derivative (PPD) tuberculin containing 5 tuberculin units (TU) intradermally into the volar (inner) surface of the forearm]. A history of BCG vaccination should not preclude testing of a member of a high-risk group.

Tuberculin Skin Test: (Must be performed within 6 months of arrival on campus)

Date Placed: _____ Date Read: _____

Result: _____ (Record actual mm of induration, transverse diameter; if no

induration, write "0". Interpretation (Based on mm induration as well as risk factors.):

Positive Negative

Or Interferon Gamma Release Assay (IGRA): Date Obtained: _____

(Specify Method): QFT-G QFT-GIT Other: _____

Positive Negative Intermediate Result:

4. Chest x-ray result (Required only if tuberculin skin test in #3 or IGRA is positive): Date of CXR: _____

Result: Positive Negative

To be completed by Health Care Provider Only

Immunization Record: (Please fill out below OR attach copy of the immunization record)

The COVID-19 vaccination is conditional upon full approval of one or more vaccines by the U.S. Food and Drug Administration, as well as adequate availability of the fully approved vaccine(s). Upon full approval and adequate availability, the COVID-19 vaccine will be required for all students.

Until then, CGU will require the COVID-19 vaccine for students who plan to visit campus during the 2021-2022 academic years. Students must provide proof of vaccination, or approval for an exemption at least two weeks prior to their return to campus.

COVID-19
_____ #1 _____ #2

Recommended
