

# CLSA invites you to get GIS Certified: 2-Day Training

Facilitated by Javier Aguilar, CGU

GISCORPS volunteers are skilled in GIS technology, desktop and cloud mapping, remote sensing database development, and GIS analysis. They are ready to respond when disaster strikes.

GISCORPS has completed over 260 missions in 80 countries. More than 2,800 volunteers representing 93 countries have participated in these missions contributing over 84,000 hours.

**SESSION 1:** Friday, January 20th and Saturday, January 21st from 9am-4pm.  
Location: Honnold Library

**SESSION 2:** Friday, February 3rd and Saturday, February 4th from 9am-4pm  
Location: Honnold Library
